Your Excellency,

We would like to inform you that a new call for applications within the National Scholarship Programme of the Slovak Republic is open for study, research and teaching stays during the academic year 2014/2015.

Scholarship application deadline is 30 April 2014 by 16:00 CET (4:00 pm Central European Time). Scholarship stays can be planned during the academic year 2014/2015. Applications can be submitted on-line at www.scholarships.sk (foreign applicants).

The National Scholarship Programme of the Slovak Republic supports mobility of foreign students, PhD students, university teachers, researchers and artists to stay at Slovak universities and Slovak research organizations.

Attached you can find a flyer with basic information about the programme (in English). Applicants can find detailed information about the Programme at www.scholarships.sk in Slovak, English, Russian, French and Spanish language (if needed we have also flyers in other 5 languages and we can send it to you upon request).

Scholarships of the National Scholarship Programme of the Slovak Republic also support mobility of university students and PhD students of Slovak origin abroad during their study or research stay at a foreign university or a foreign research organization. Students, full-time PhD students, university teachers, researchers and artists from the Slovak Academy of Sciences, who have permanent residence in the Slovak Republic, can apply for a travel grant for their study or research stay abroad.

Establishment of the National Scholarship Programme for the Support of Mobility of Students, PhD Students, University Teachers and Researchers was approved by the Government of the Slovak Republic in 2005. The National Scholarship Programme of the Slovak Republic is funded by the Ministry of Education, Science, Research and Sport of the Slovak Republic.

Next deadline for the submission of applications will be on 31 October 2014 for scholarship stays during the summer semester of the academic year 2014/2015.

We would like to ask you to help us spread this information and forward it to potential applicants within your country. Thank you for your co-operation and we hope that also contacts made by scholarship holders within their home countries will strengthen the future co-operation of our countries.

Yours sincerely,

Lukas Marcin
