Study in ASU, Live in Cairo

A city of diversity; history and future

Study in ASU, Live in Cairo

Once you land here, you start your journey.

In Egypt, you will find whatever your heart seeks. You will feel and witness thousands of years of civilization along with modern day life.

Ain Shams University

8

Culture

No limitations

Not only will you find pharaonic monuments, you will also enjoy Coptic and Islamic monuments.
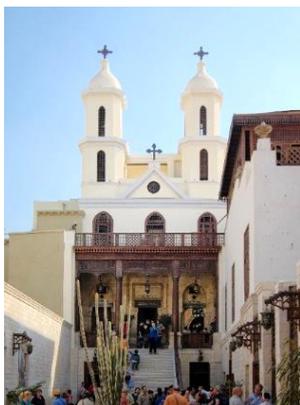

Shopping

Malls are available as well as local stores.

You can have fun in Cairo in endless ways.

You can visit the Opera Cairo house, theatres, cinemas, enjoy the Nile.

Cairo Opera House

Why ASU ?

ASU Ihub Building

ASU History

Ain Shams University was founded in 1950. Originally called 'Ibrahim Pasha's University', it was the third higher education institution to be founded in Egypt and was built on the site of a former royal palace – the Zaafarana Palace – so named because the area surrounding it was famous for saffron plantations ('zaafaran', in Arabic). In 1954 the name of the university was changed to 'Heliopolis', then to its present name 'Ain Shams', Arabic for 'Heliopolis', or 'O'n', which was the oldest university in history.

Today, the university is spread across eight separate campuses, all located in the Greater Cairo area, and it also comprises 20 faculties along with one research institute. There are living facilities for students provided on campus as well as sports and recreational facilities

Ain Shams encourages study abroad opportunities for students and has a number of academic partnerships in place with international institutions. Famous alumni of Ain Shams include Egyptian Prime Ministers Abd El Aziz Muhammad Hegazi and Sherif Ismail, well reknowned scientist Farouk El-Baz as well as the American philosopher Charles Butterworth.

Ain Shams University

ASU Campuses

In the heart of Cairo, you will find ASU 8 campuses

Shoubra El-Kheima

Khalyfa El-Ma'moun

Mansheya El-Bakry

Heliopolis

Students with Disabilities Service Center

Services Provided to Students

- Coordinating with different faculties to provide accommodation and accessibility services to students.
- Identifying accessibility needs for the educational process and exams based on the type of disability, by a specialized committee.
- Providing educational accessibility tools such as screen readers, printing curricula in braille, converting texts into audible texts, magnifiers, recording devices, etc.
- Contributing to providing prosthetic limbs for students.
- Training (for students, faculty members, and staff).
- Conducting IQ testing and adaptive behavior tests.
- Personal skills development programs for the job market
- Assistance in providing personal tools (laptops, white canes, ear aids, wheelchairs).
- Psychological support services
- Academic and learning support services.
- Evaluating and application of the accessibility of various buildings in the faculties.

Ain Shams University

ASU Innovation Hub - IHub

ASU-iHub is the official innovation, entrepreneurship, and creativity hub at Ain Shams University. Established to support and enhance the entrepreneurial ecosystem, ASU-iHub offers comprehensive services and programs designed to foster innovation and business development for students, researchers, and entrepreneurs both within Egypt and internationally.
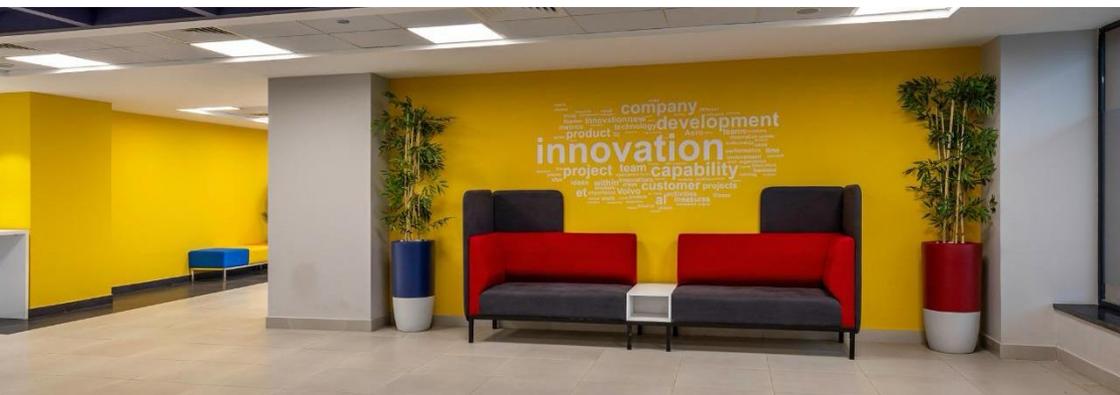

ASU-iHub Role

- Bridging Gaps: Connect academic research with market needs to foster innovation-driven entrepreneurship.
- Talent Development: Enhance technical knowledge and entrepreneurial skills to support national economic advancement.
- Mentorship and Support: Provide comprehensive mentorship and support services to nurture and scale startups.
- Collaboration: Act as a catalyst for collaboration between academia, industry, and government.

ASU-iHub Interventions

- Incubation Programs: Offering tailored incubation programs that include mentorship, workspace, and access to funding opportunities.
- Innovation Competitions: Hosting events like 'Ain Shams Innovates' to encourage innovative thinking and entrepreneurship.
- Workshops and Training: Conducting practical training sessions in entrepreneurship, business development, and technical skills.
- Strategic Partnerships: Building partnerships with key stakeholders such as TIEC, ITIDA, TU Berlin, and Ghabbour Auto to provide robust support for startups.

ASU Career Center

ASU Career Center is the official career center for Ain Shams University and the first career center in an Egyptian Public University, started its operation since 2020.

ASU Career Center Role

- Bridge the gap between academia and the job market.
- Increase talent investment (Enhance and leverage technical knowledge and skills
- Support the university's role as a main partner in the national economic advancement.
- Enhance and leverage Soft employability skills.
- Act as a Translator and Catalyst for Workplace Needs.
- Enable and empower students to find proper and decent jobs.

ASU Career Center Interventions

- Employability Skills Development.
- Experiential Learning Opportunities.
- Internships and Job Placement.
- Life Skills Development.
- Career Counselling Sessions.
- Mega Career Events.

Ain Shams University

ASU Career Center Partners

ASU Alumni Association

The Alumni Association works to bring the ASU alumni community together to foster meaningful connections with each other, to share and learn from each other, and to preserve and promote the educational mission and rich heritage and values of ASU

Women Alumni Soccer Team

Ramadan Gathering

ASU Alumni Association Goals

- Strengthen the bonds of fellowship and cooperation through socials events.
- Foster the sense of loyalty among the alumni towards their university.
- Help the alumni to find job opportunities that benefit their fields of specialization.
- Training courses to develop their skills through collaboration with the career center.
- Promotion the university profile, reputation, national and international relations.

ASU Alumni Association Roles & Responsibilities

- Engaging the alumni in the university activities.
- Job Fairs & Vacancies: Through the cooperation between the career center and I-Hub
- Success Stories: Arranging meeting with notable graduates and current students
- Training Courses: The university holds vocational training courses for the alumni in order to equip them with the needed vocational skills.
- Organization of Graduation Ceremonies and Alumni Day/Jubilee Day.
- Alumni awards: Different awards granted to notable Alumni in recognition for their role in the university.

MEDICINE & HEALTH SCIENCES

Faculty of Medicine.

Programs

Medicine

Undergraduate Programs

Bachelor of Medicine

Bachelor of Medicine (Extended Modular Program)

7 - year program (5+2 internship)

Postgraduate Programs

Professional Diploma in

(one of the following disciplines): 1-year program

1. Infection Control
2. Applied Healthcare Quality
3. Medical Statistics
4. Psychiatric Practice
5. Resuscitation
6. Hospital Infection Control
7. Reproductive Health
8. Family Medicine
9. Physiotherapy and Rehabilitation
10. Cardiac Electricity and Cardiac Pacemakers *(New)*

Postgraduate Programs

2-year program

High Diploma in

1. Pharmacology

2. Parasitology

3. Medical Microbiology and Immunology

4. Forensic Medicine and Toxicology

5. Clinical Toxicology

6. Biochemical Forensic Toxicology

7. Community Medicine and Public Health

8. Occupational & Environmental Medicine

9. Epidemiology

10. Healthcare Quality

11. Internal Medicine

12. Neurology and Psychiatry

13. Chest Diseases

14. Tropical Medicine

15. Infectious Diseases and Fevers

16. Dermatology, Venereology & Andrology

17. Pediatrics

18. Clinical Pathology

19. Geriatrics and Gerontology

20. Diagnostic Radiology

21. General Surgery

22. Otorhinolaryngology

23. Ophthalmology and Ophthalmic Surgery

24. Obstetrics and Gynecology

25. Anesthesia

26. Family Medicine

27. Physical Medicine, Rheumatology and Rehabilitation

28. Neurology

Medicine

Master of Science in (one of the following disciplines):

1. Anatomy and embryology

2. Medical physiology

3. Histology

4. Pathology

5. Pharmacology

6. Parasitology

7. Medical Biochemistry and Molecular Biology

8. Medical Microbiology and Immunology

9. Forensic Medicine and Toxicology

10. Clinical Toxicology

11. Community Medicine & Public Health

12. Occupational & Environmental Medicine

13. Epidemiology

14. Internal Medicine

15. Gastroenterology and Hepatology

16. Nephrology

17. Endocrinology and Metabolism

18. Clinical Hematology

19. Dermatology, Venereology and Andrology

20. Clinical Immunology and Allergy

21. Pediatrics

22. Chest Diseases

23. Tropical Medicine

24. Cardiology and Cardiovascular Diseases.

25. Medical and Clinical Genetics

26. Clinical Pathology

Postgraduate Programs

Master of Science in (one of the following disciplines):

27. Geriatrics and Gerontology

28. Diagnostic Radiology *(NEW)*

29. Clinical Oncology and Nuclear Medicine

30. General Surgery

31. Physical Medicine, Rheumatology and Rehabilitation

32. Cardio–Thoracic Surgery

33. Urology

34. Orthopedic Surgery

35. Neurosurgery

36. Plastic, Reconstructive Surgery and Burns

37. Otorhinolaryngology

38. Phoniatrics

39. Audiology

40. General Intensive Care

41. Obstetrics and Gynecology

42. Anesthesia

43. Ophthalmology and Ophthalmic Surgery

44. Family Medicine

45. Pain Management

46. Infection Control

47. Healthcare Quality

48. Neurology and Psychiatry

49. Infectious Diseases and fevers

50. Clinical Nutrition

51. Sports Medicine

52. Psychiatry for children and adolescents

53. Child Development and Behavior

54. Pediatric Neurology

Medicine

Postgraduate Programs

Medical Doctorate in

(one of the preceding disciplines 1-44 as well as one of the following):

1. Vascular Surgery

2. Rheumatology

3. Neurology

4. Psychiatry

5. laboratory Hematology

6. Pediatric Surgery

7. Healthcare Quality *(NEW)*

Postgraduate Degrees in Medical Education

- Certificate in Medical Curricula (6-month Program)

- Certificate in Teaching and Learning in Medical Studies (6-month program)

- Professional Diploma in Education in Medical Studies (1-year program)

- Diploma in Health Professions Education (2-year program)

- Master of Health Professions Education (2-year program)

Training Programs at Ain Shams Hospitals

Pharmacy

Undergraduate Programs

Doctor of Pharmacy (Pharm D)

Doctor of Pharmacy (Pharm D - Clinical)

6 - year program (5+1 internship)

Postgraduate Programs

Diploma of Pharmaceutical Sciences (1-year program)

1. Microbiology and Immunology

2. Biotechnology

3. Biochemical and Biological Analysis

4. Clinical Pharmacy

5. Hospital Pharmacy

6. Pharmaceutical Technology and Quality Assurance

7. Drug Monitoring and Quality Assurance *(NEW)*

8. Experimental and Clinical Pharmacology

9. Pharmacognosy

10. Pharmaceutical Organic Chemistry

11. Pharmaceutical Chemistry

12. Immune Modulation Certificate (IMCERT)

Programs

Faculty of Pharmacy visit to 57357 hospital.

Faculty of Pharmacy Graduation Project Day

Pharmacy

Postgraduate Programs

Doctor of Pharmacy (Pharm D)

Professional Master in Pharmaceutical administration.

Master of Pharmaceutical Sciences
1. Microbiology and Immunology
2. Biochemistry and Molecular Biology
3. Pharmaceutical Technology
4. Clinical Pharmacy
5. Pharmacology and Toxicology
6. Pharmacognosy
7. Pharmaceutical Analytical Chemistry
8. Pharmaceutical Organic Chemistry
9. Pharmaceutical Chemistry

Doctor of Philosophy in Pharmaceutical Sciences
(one of the preceding disciplines).

Faculty of Pharmacy Laboratory.

Dentistry

Undergraduate Programs

Bachelor of Dental Medicine and Surgery

Bachelor of Clinical Dentistry (Credit Hours Program)

- 6 - year program (5+1 internship)

Programs

Postgraduate Programs

Professional Master of Dental Science in:

1. Oral and Maxillofacial Surgery

2. Oral and Maxillofacial Radiology

3. Oral Medicine and Diagnosis

4. Oral and Maxillofacial Prosthodontics

5. Periodontology

6. Fixed Prosthodontics

7. Endodontics

8. Pediatric Dentistry

9. Dental Public Health and Community Dentistry

10. Operative Dentistry

Master of Dental Science in one of the above disciplines 1-9 and

1. Orthodontics

2. Restorative Dentistry

3. Oral and Maxillofacial Pathology

4. Oral Biology

5. Dental Biomaterials

Dentistry

Clinical Master of Dental Science

in one of the preceding disciplines 1-10 in addition to:

1. Orthodontics

2. Dental Implantology

3. Cosmetic Dentistry

Doctor of Dental Science in the preceding disciplines 1-9 and:

1. Orthodontics

2. Restorative Dentistry

Doctor of Philosophy in Basic Dental Science :

1. Oral and Maxillofacial Pathology

2. Oral Biology

3. Dental Biomaterials

Training Programs at Faculty Clinics

Nursing

Undergraduate Programs

### Bachelor of Nursing Science

5-year program (4 + 1 internship)

Specialized Bachelor of Nursing Science *(NEW)* in the following:

- Emergency and critical care nursing
- Oncology nursing
- Nursing critically ill neonates
- Midwifery nursing
- Elderly nursing

Condensed Bachelor of Nursing Science

3.5-year program (For BSc or BA holders in addition to secondary school certificate (science major).
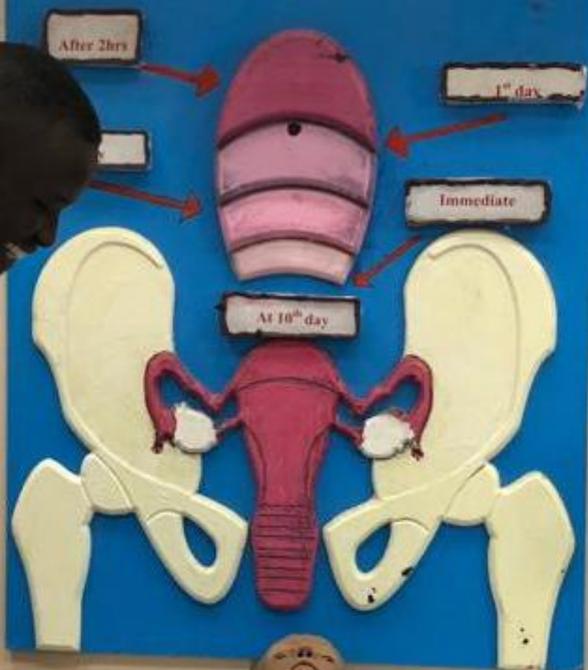

Programs

Nursing

Professional Diploma in (one of the following disciplines):

1. Hospital Administration

2. Quality Management

3. Infection Control

4. Clinical Teaching

Diploma in Educational & Health Services Administration

Master of Science in (one of the following disciplines):

1. Medical Surgical Nursing

2. Critical Care Nursing

3. Obstetrics & Gynecological Nursing

4. Pediatric Nursing

5. Neonatal Nursing

6. Psychiatric Nursing/ Mental Health

7. Community & Environmental Health Nursing

8. Nursing Administration

9. Family Health Nursing

Doctor of Philosophy in

(one of the preceding disciplines 1-9)

Ain Shams University

Graduate Studies for Childhood

Only offers Postgraduate Degrees

Programs

Diploma in Occupational Therapy 1–year program

Masters of Science in Childhood studies in (one of the following disciplines):

1. Child Health and Disabilities*

2. Psychological Studies for Children

3. Psychological Studies for Children with Special Needs.

4. Media studies and children's culture.

5. Media studies and children with special needs culture.

Doctor of Philosophy in Childhood studies in (one of the following preceding):

*Degrees of Medical studies are in English.

Ain Shams University

Faculty of Computer and
Information Sciences

Engineering

Undergraduate Programs

Bachelor of Science in Mechanical Engineering in

(one of the following programs) 4—year program

1. Design and Production Engineering

2. Automotive Engineering

3. Mechanical Power Engineering

4. Mechatronics and Robotics Engineering

5. Materials Engineering (Clausthal University) or (University of East London)*

6. Manufacturing Engineering Program (University of East London)*

7. Mechatronics Engineering and Automation (University of East London)*

Bachelor of Science in Architectural Engineering in

(one of the following programs) 4—year program

1. Architectural Engineering

2. Landscape Architecture (Mediterranean University, Italy or UEL)*

3. Environmental Architecture and Urbanism Program
(Mediterranean University, Italy or UEL)*

4. Housing Architecture and Urban Development
(Mediterranean University, Italy or UEL)*

Interdisciplinary and Double Degrees with higher fees

Undergraduate Programs

Bachelor of Science in Electrical Engineering in
(one of the following programs) 4–year program

1. Electrical Power and Machines Engineering

2. Electronics and Communication Engineering

3. Computer and Systems Engineering

4. Communication Systems Engineering (University of East London)*

5. Energy and Renewable Energy Engineering (University of East London)*

6. Computer and Artificial Intelligence (University of East London)*

Bachelor of Science in Civil Engineering in
(one of the following programs) 4–year program

1. Structural Engineering

2. Water Engineering and Hydraulic Structures

3. Utilities and Infrastructure

4. Civil Infrastructure Engineering (University of East London)*

4. Building Engineering (University of East London)*

Interdisciplinary and Double Degrees with higher fees

Engineering

- Civil Engineering Profession
    - BEng in Building Engineering
    - BEng in Civil Infrastructure Engineering
- Architectural Engineering Profession
    - BSc in Environmental Architecture and Urbanism
    - BSc in Housing Architecture and Urban Development
    - BSc in Landscape Architecture
- Electrical Engineering Profession
    - BSc in Computer Engineering and Software System
    - BEng in Communication Systems
    - BEng in Energy and Renewable Energy Engineering
- Mechanical Engineering Profession
    - BEng in Manufacturing Engineering
    - BEng in Materials Engineering
    - BEng in Mechatronics and Automation Engineering
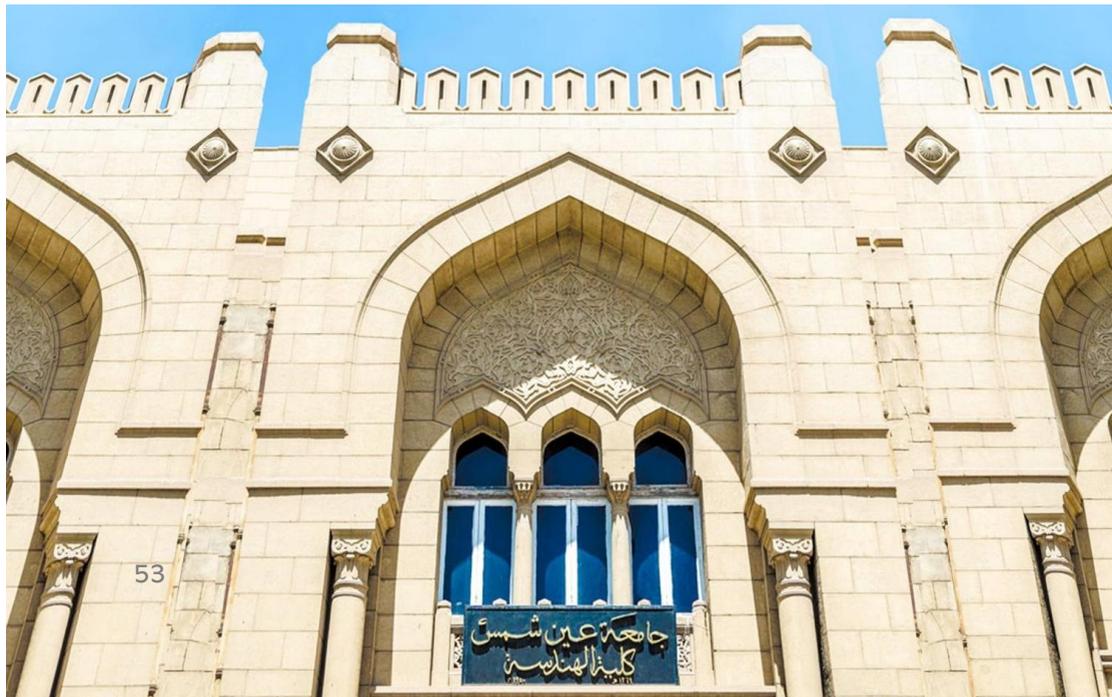

Engineering

Diploma in:

1. Civil Engineering

2. Architecture Engineering

3. Electrical Engineering

4. Mechanical Engineering

Master of Science in (any of the preceding departments)

Doctor of Philosophy in (any of the preceding departments).

Master of Engineering (Interdisciplinary Programs) offered at the Graduate Engineering School for Research (GESR)

1. The Interdisciplinary Master on Resource Efficient Cities (IMaREC)
2. The Interdisciplinary Master on Renewable Energies (JAMILA)

Computer and Information Sciences

Undergraduate Programs

Bachelor of Computer and Information Science (one of the following programs):

1. Scientific Computing

2. Computer Science

3. Computer Systems

4. Information Systems

5. Robotics Computing*

6. Bioinformatics*

7. Software Engineering*

8. Artificial Intelligence*

9. Digital Multimedia*

10. Cyber Security*

Interdisciplinary Dual Degrees with University of East London with Higher fees.

Postgraduate Programs

Specialist Diploma in: (1–year program)

1. Basic Bioinformatics
2. Advanced Bioinformatics
3. Basic Diploma of Computing in Business Analytics
4. Advanced Diploma of Computing in Business Analytics
5. Game Application Development
6. Basic Diploma in Mobile Computing and Applications Development
7. Advanced Diploma in Mobile Computing and Applications Development

Professional Diploma in: (2–year program)

Information Technology and Entrepreneurship (DITE)

Computer and Information Sciences

Master of Computer and Information Sciences

(one of the following disciplines):

1. Computer Sciences
2. Information Systems
3. Computer Systems
4. Scientific Computing
5. Bioinformatics
6. Software Engineering
7. Artificial Intelligence
8. Cyber Security
9. Digital Multimedia
10. Robotics

Doctor of Philosophy in Computer and Information Science
(in one of the 10 preceding disciplines)

Al-Zaafaran Palace Entrance

Agriculture

Undergraduate Programs

Bachelor of Agricultural Engineering 4–year program

Bachelor of Agricultural Sciences in
(one of the following disciplines): 4–year program

1. Plant Production

2. Animal Production

3. Food Science

4. Plant Protection

5. Biotechnology

6. Agricultural Economics and Social Sciences

7. Soil and Water

8. Organic Agriculture*

9. Quality Management*

10. Agricultural Biotechnology*

Special Programs in English with Higher Fees

Postgraduate Programs

Master of Agricultural Sciences in
(one of the following disciplines):

1- Soil and Water Sciences
2- Agricultural Economics
3- Marketing and International Trade
4- Rural Society and Development
5- Agricultural Extension
6- Rural Media
7- Animal Breeding
8- Animal Physiology
9- Animal Nutrition
10- Animal Husbandry
11- Poultry Breeding
12- Poultry Physiology
13- Poultry Nutrition
14- Plant Pathology
15- Pomology
16- Vegetable Crops
17- Ornamental, Medicinal and Aromatic Plants
18- Food Science and Technology
19- Dairy Science and Technology
20- Agricultural Biochemistry
21- Crop Production
22- Crop Breeding
23- Agricultural Microbiology
24- Agricultural Virology
25- Farm Machinery and Power Engineering
26- On-Farm Irrigation and Drainage Engineering
27- Biological Agricultural Engineering
28- Agricultural Botany
29- Plant Physiology
30- Economic Entomology
31- Agricultural Zoology
32- Pesticides
33- Genetics

Doctor of Philosophy
(in one of the 33 preceding disciplines)

Arid Land Agricultural Graduate Studies and Research Institute

Only offers Postgraduate Degrees

Programs

Master of Science in
one of the following disciplines:

1. Salt and dry farming technology

2. Protected cultivation technology in arid areas

3. Biotechnology and food safety in arid area

4. Bioengineering systems in arid area

5. Livestock husbandry in arid area

Doctor of Philosophy in
one of the preceding disciplines.

Veterinary Medicine

Newly established

Undergraduate Programs

Bachelor of Veterinary Medicine (General)

5 - year program

***Specialized programs. Credit Hour System**

Programs

Professional Diploma specializing in Remote Sensing and Geographical Information Systems

In Partnership with
National Authority for Remote Sensing and Space Sciences

The total number of credit hours required to complete the program is 36 credit hours (3 semesters).

The diploma leads to the graduation of a graduate who is an expert in remote sensing and geographical information systems. The scientific curriculum includes the theoretical, practical and applied aspects of the courses of geographic information systems, remote sensing and programming of geographic information systems.

The diploma targets the following categories:
1. University graduates from all disciplines.
2. Workers in Geographic Information Systems units in various institutions and companies.
3. Workers in research centers related to the fields of remote sensing and Geographic Information Systems.
