

## Curriculum Vitae

**Name:** Prof. Dr. Mervat Mohamed Labib Abdel-Khaleq El-Gendy

**University:** Ain Shams

**Faculty:** Faculty of Women for Arts Science and Education

**Department:** Zoology

**Current Position and Specialization:** Emeritus Professor, Department of Zoology

**General Specialization:** Zoology

**Specific Specialization:** Embryology

**Email:** [mervat\\_abdelkhalek1@women.asu.edu.eg](mailto:mervat_abdelkhalek1@women.asu.edu.eg)

[abdelkhalekmervat3@gmail.com](mailto:abdelkhalekmervat3@gmail.com) (Google Scholar)

### Academic Qualifications:

- B.Sc. in Science, May 1972, Faculty of Women, Ain Shams University – Major: Chemistry/Zoology, Grade: Very Good
- M.Sc. in Science, 1978, Faculty of Women, Ain Shams University  
**Thesis Title:**  
*Radiation-induced abnormalities in the chick embryonic developments*
- Ph.D. in Philosophy of Science, 1981, Faculty of Women, Ain Shams University

### Academic Positions:

- Teaching Assistant: 1972 – 1978
- Assistant Lecturer: 1978 – 1981
- Lecturer: 1982 – 1990
- Assistant Professor: 1990 – 1996
- Department Chair 2010-2011
- Professor: From 1996- 2011

- Emeritus Professor 2011 to present

#### Courses Taught:

- Embryology
  - Advanced Embryology
  - Experimental Embryology
  - Comparative Anatomy
  - Vertebrates
  - Comparative Anatomy
  - Radiobiology
  - Ecology
  - Evolution
  - Hematology
  - Insecticides
  - Invertebrates
- 

#### Published Research by Dr. Mervat Mohamed Labib:

##### Scholarly Publications for Promotion to M.S c. Thesis:

- Hamed, R., Madiha, A., F. Mazhar, & Labib, M.M (1980). Effect of gamma irradiation on the liver of white leghorn hatching chicks. *Isotope & Radiation Research*, 12(2), 103–109.
  - *Effect of gamma radiation on the liver of Leghorn chicks*, 1980  
(Co-authors: Hamed Roshdy, Madiha Ashry, Fatma Mazhar, Mervat Labib)
- Hamed, R., Madiha, A., F. Mazhar, & Labib, M. (1981). *Radiation effects on chick embryo development (Leghorn)*, *Isotope & Radiation Research*,
- *Radiation effects on chick embryo development (Leghorn)*, 1981  
(Same co-authors)

##### PhD Thesis:

### **Scholarly Publications for Promotion to Assistant Professor:**

- *Effect of pesticides on Leghorn chick embryos*, published 1989
  1. Embryos aged 48–72 hours
  2. Embryos aged 10 days
  3. Chicks aged 21 days  
(Co-author: Haifa Omran Al-Omran)
- *Effect of morphine on chick embryos*, published 1990  
(Co-author: Magda Abdel-Halim Ali)
- *Histological study of morphine injection effects on liver and kidney in chicks*, 1990
- *Deformities in 10-day-old chick embryos caused by Lorazepam treatment*, 1990
- *Effect of Lorazepam on liver and spleen in chick embryos*, 1990
- *Congenital deformities caused by colchicine in chicks*, 1991  
(Co-author: Magda Abdel-Halim Ali)
- *Effect of colchicine on testes and ovaries in chick embryos*, 1990

### **Scholarly Publications for Promotion to Professor**

1. *Effect of Norgestrel on embryos of mother mice before and during pregnancy*, 1994
2. *Effect of overdose of beta-carotene on pregnant mice and their embryos*, 1994
3. *Deformities as a result of cadmium poisoning in pregnant rats and their embryos*, 1995
4. *Deformities from antipyretics and/or antibiotics in white mice development*, 1995
5. *Histological studies on the effect of heroin on the brain in white rats*, 1995
6. *Deformities from zinc chloride in white mice development*, 1995
7. *Hematological and histological changes in pregnant white mice and their embryos in response to heroin use*,

(Co-author: Fatma Mohamed Zahran), 1995

8. *Histological changes in the gonads of young white mice in response to heroin use and withdrawal*, 1995
9. ***Functional and structural changes in kidneys of pregnant white rats and their embryos injected with heroin***, 1995
10. **Hamed, R., Madiha, A., F. Mazhar, & Labib, M. M.** (1980). Effect of gamma irradiation on the liver of white leghorn hatching chicks. *Isotope & Radiation Research*, 12(2), 103–109.
11. **Labib, M. M., & El-Omran, H.** (1989). Effect of insecticides on the development of white Leghorn chick embryos. I. 48 and 72 hour embryos. *Proceedings of the Zoological Society A.R. Egypt*, 17 (December), 27–36.
12. **Labib, M. M., & El-Omran, H.** (1989). Effect of insecticides on the development of white Leghorn chick embryos. II. 10-day chick embryos. *Proceedings of the Zoological Society A.R. Egypt*, 17 (December), 37–48.
13. **Labib, M. M., & El-Omran, H.** (1989). Effect of insecticides on the development of white Leghorn chick embryos. III. 21-day chick embryos. *Proceedings of the Zoological Society A.R. Egypt*, 17 (December), 49–62.
