

Dr. Basma Talaat Abd-Elhalim

Agric. Microbiology Dept, Faculty of
Agriculture, Ain Shams University

PERSONAL INFORMATION

Name: Basma Talaat Abd-Elhalim.

Gender: Female.

Date of Birth: 24/12/1988.

Nationality: Egyptian.

Marital Status: Married with 2 children.

National ID: 28812240103028.

Passport ID: A11488174.

CONTACT INFORMATION

E-mail: basma.talaat@agr.asu.edu.eg

dr.basma.talaat2022@gmail.com

basma.talaat1988@yahoo.com

Mobile: 01007025808-01116200756.

phone number: 0220469417.

Home Address: 4 Mekka Al-Mokrama St., Zahraa Nasr City, Cairo, Egypt.

Office address: Department of Agricultural Microbiology, Faculty of Agriculture, Ain Shams University, PO Box 68, Hadayek Shoubra, Cairo, 11241, Egypt.

ORCID Author ID: [0000-0002-3009-332X](https://orcid.org/0000-0002-3009-332X)

Scopus Author ID: [57194947515](https://scopus.com/authid/detail.uri?authorId=57194947515)

Web of Science Researcher ID: [IWU-5300-2023](https://www.webofscience.com/wos/author/record/IWU-5300-2023)

Google scholar: <https://scholar.google.com/citations?hl=en&user=jEOrjcsAAAAJ>

ACADEMIC INFORMATION AND OCCUPATIONAL FIELD

Faculty of Agriculture, Ain Shams University

- Bachelor degree Faculty of Agriculture (2009), Agricultural Microbiology Department, Grade: Excellent with honor.
- M.Sc. in Agricultural Microbiology (2015), Agricultural Microbiology Department, Faculty of Agriculture, Ain shams University.
- Ph.D. in Agricultural Microbiology (2020), Agricultural Microbiology Department, Faculty of Agriculture, Ain shams University.

CARRER

- Demonstrator of Agricultural Microbiology (2010-2015), Department of Agricultural Microbiology, Ain shams University.
- Lecturer assistant of Agricultural Microbiology (2015-2020), Department of Agricultural Microbiology, Ain shams University.
- Lecturer of Agricultural Microbiology, Department of Agricultural Microbiology, Ain shams University (2020 Till now).

JOB DESCRIPTION AND RESPONSIBILITIES

- Teaching, supervision, and research activities.
- Participation in control work and organizing examinations.
- Coordinator of the Financial Resources Standard in the Department of Agricultural Microbiology in the Biotechnology Program
- Coordinator of the leadership and organization standard for the Department of Agricultural Microbiology in the Biotechnology Program.

ACTIVITIES DESCRIPTION

- Contributed at the 2nd Annual Ain Shams University innovation competition 2021, with project and poster entitled with "Biological synthesis of copper nanoparticles using *Pseudomonas silesiensis* Cell-free extract and its application as antimicrobial and antitumor agents".
- Selected as a candidate of "Against plastic campaign" by the Ministry of Environment, 2022.
- An international reviewer of International Journal of Microbiology and Biotechnology(IJMB), ISSN Print: 2578-9678; ISSN Online: 2578-9686, <https://www.sciencepg.com/j/ijmb>, from August 30, 2023 to August 30, 2026.

SCIENTIFIC ACTIVITIES AND TEACHING COURSES

1. Microbial fermentation for undergraduate students (Practical and theoretical).
2. Bacteria physiology for undergraduate students (Practical and theoretical).
3. Algae and fungi physiology for undergraduate students (Practical and theoretical).

4. Agricultural microbiology for undergraduate students (Practical and theoretical).
5. Environmental microbiology for undergraduate students (Practical).
6. Soil microbiology for undergraduate students (Practical and theoretical).
7. General microbiological test for undergraduate of new programs students (theoretical).
8. Agricultural microbiology for undergraduate of new programs students (Practical and theoretical).
9. Applied microbiology for undergraduate students (Practical and theoretical).
10. Applied microbiology for undergraduate students of new programs students (Practical and theoretical).
11. Introduction in biotechnology for undergraduate students (Practical and theoretical).
12. Taxonomy of bacteria for undergraduate students (Practical).
13. General microbiology for undergraduate students (Practical and theoretical).
14. Applications in the biotechnology for undergraduate students (Practical and theoretical).
15. Microbial food spoilage and toxicity for undergraduate students (Practical and theoretical).
16. Medical microbiology for undergraduate students (Practical).
17. Bacteria physiology (a) for post graduate students (Practical and theoretical).
18. Bacteria physiology (b) for post graduate students (Practical and theoretical).
19. Microbial growth and nutrition for post graduate students (Practical and theoretical).
20. Agriculture Microbiology for Blended Learning (Practical and theoretical).

SUPERVISION OF ACADEMIC THESIS

- **Supervisor of 2 philosophy degree Thesis (Ph.D.) and 3 Master of science Thesis (MSc.):**
 - 1- "EVALUATION OF SOME BACTERIA AND YEAST FOR PRODUCTION OF PROBIOTIC" Ph.D. thesis.
 - 2- "Microbial Synthesis of Nanoparticles for Biofertilizing and Suppressing Foliar Pathogens of Maize and Sorghum Plants" Ph.D. thesis.
 - 3- "Biological Treatment of Some Industrial Wastes" Ph.D. thesis.
 - 4- "Biological Synthesis of Copper Nanoparticles Using Bacteria and its Application As Antimicrobial and Antitumor agents" MSc. thesis.
 - 5- "Reducing of Biofilm Formation by Food Spoilage Bacteria during Handling of some Processed Meat" MSc. thesis.

SUPERVISOR OF FACULTY GRADUATION PROJECTS

- **Supervisor of 4 graduation project teams during (2022-2023):**
 - 1- Utilization of biosynthesized silver nanoparticles from *Agaricus bisporus* extract for food safety application: synthesis, characterization, antimicrobial efficacy, and toxicological assessment.
 - 2- Biosynthesis and characterization of silver nanoparticles from Punica granatum (pomegranate) peel waste and its application to inhibit foodborne pathogens. Wins fund from STDF for graduation projects support.
 - 3- Biosynthesis and characterization of silver nanoparticles from Tomato peels waste and its application to inhibit foodborne pathogens.
 - 4- Application of Eggshell waste in bioremediation and Decontamination of The Nile raw water in Egypt.
- **Supervisor of 4 graduation project teams during (2023-2024):**
 - 1- Microbial Production and optimization of natural-ecofriendly pigments utilizing various agro-industrial wastes as sustainable substrates and their characterization, biocompatibility, and application.
 - 2- The Decomposition of plastics using Marine fungi and its toxicity assessment for possible environmental reuse.
 - 3- The Potential of Waxworms (*Galleria mellonella*) gut microbiota in the degradation of Plastics with biodegradation mechanism study and optimization.
 - 4- Green-ecofriendly synthesis of Selenium nanoparticles using Lemon (*Citrus Aurantiifolia*) Peels and their cytotoxicity, antioxidant, antibiofilm, and cells antiproliferative activities assessment and application on Poultry healthy and nutritional enhancement.

MEMBERSHIP

- Member of the American Society of Microbiology.

- Member of the Egyptian Scientific Society of Moringa.
- Member in IFAD Scientific digital platform.

AWARRDS AND REWARDS

- Abdul Hameed Shoman Reward, 2010.
- International publication reward for 29th cycle, July 2021, Ain Shams university.

TRAINNGS AND COURSES

- International Computer Driving License (ICDL) certified from UCQ /2010.
- Effective Presentation Skills certified from FLDP, Ain Shams University / 2010.
- Phlebotomy and Medical Analysis Course, Cairo University, 2010.
- Communication skills certified from MBA Egypt / 2011.
- Organizing scientific conferences certified by FLDP Ain Shams University / 2011.
- Financial and legal aspects certified from FLDP Ain Shams University / 2015.
- Time and meetings Management certified from FLDP Ain Shams University / 2015.
- Practical preparation of Nanomaterials, Naqaa foundation, 2018.
- Online Information protection and security from FLDP Ain Shams University / 2020.
- Creating and developing the online courses from FLDP Ain Shams University / 2020.
- Introduction to the Modern Knowledge Cycle, Researcher Academy On Campus, Elsevier /2020.
- Microsoft teams platforming and online signature from FLDP, Ain Shams University / 2020.
- Test of English as a Foreign Language (TOEFL), Ain Shams University, with score 600.
- Moodle platform construction, Ain Shams University /2021.
- Intended Learning outcomes (ILOs) for high learning courses from FLDP, Ain Shams University / 2021.
- POWERAPPS platforming, Ain Shams University /2021.
- Stream deck, Digital library, Ain Shams university /2022.
- Nanocarriers of Drug delivery, The National Committee of Biochemistry and Molecular Biology of the Academy of Scientific Research and Technology /2022.
- Digital library and scientific research pauses with citations and the 14th session of promotions, Beni-Suef University / 2022.
- Statistics and Publication Tips and Tricks: Few Steps Towards Achieving a Better Presentation of the Research Results, National Research Center (NRC), 2022.
- Training of Trainers TOT, Ain Shams University/ 2022.

- ChatGPT, Ain Shams University, Digital library/ 2023.
- World water organization (WWO) global water challenges/ 2023.
- Carbon footprint calculation and water regulation /2023.
- Introduction of modern technologies of artificial intelligence /2023.
- How to deal with household water purification filters scientifically/ 2023.
- Determination of Alum and chlorine Dosage in drinking water plants /2023.
- Start learning AI easily /2023.
- How NEOM is changing the way we think about water industry /2023.
- Building informational modeling (BIM) and artificial intelligent (AI), Sohag Engineering Syndicate / 2023.
- Quality control and Assurance Systems in water analysis laboratories / 2023.
- Introduction to solar energy systems components / 2023.
- Green Building Systems (LEED) / 2023.
- Usage of Atomic Absorption and Ion Chromatography Devices in Laboratories / 2023.
- Solar Energy Systems and Their Application in Water Pumping Systems /2023.
- Advanced Technologies of Giant Boiler Water Treatment With UF & RO Systems / 2023.
- Diagnostic Molecular Microbiology for Pathogen Detection in Aquaponic Systems to Meet the Rising Demand for Fresh water and Safe food, STDF project No. 45895 / 2023.

CONFERENCES

- (17-18 March 2019) The 14th Annual Faculty of Agriculture Ain Shams University Conference.
- (18-20 November 2019) The 14th Annual Conference of The Egyptian Society of Applied Microbiology.
- (1-3 April 2019) The 8th Annual Ain Shams University International Conference.
- (6 -8 April 2021) The 9th Annual Ain Shams University International Conference.
- (3 -5 September 2022) the impact of climate changes on food production dry areas, Faculty of Medicine, Ain Shams University.
