- **The Egyptian coordinator of the executive program for the Italian-Egyptian cooperation** for the years 2008-2010 between Ain Shams University and Pavia (Italy) University.

The program included a bilateral collaborative program between Italy and Egypt for the project n°. 7-Bio entitled "Analysis of Growth Hormone (GH) receptor functionality in idiopathic short stature children" along with reciprocal exchange visits.

Congresses

- **Participation in 92 International Congresses Abroad**

Details and my activities in the congresses (Separate document in file & CDs)

(Certificates of contributing and participation at the end of the folder)

- President of two Egyptian – French congresses in Cairo and Aswan
- Coordinator of three Egyptian – Italian congresses at red sea and Cairo
- Contributing in all workshops, local and international congresses of pediatric endocrinology in Egypt.
- **Honorary Chairman** of the European Society of Pediatric Endocrinology (ESPE) Winter School 2008 in Cairo.

Research Activities

- **Bibliography:** 111 published articles in international and national peer reviewed journals from 1984 – 2021

(Separate document in file & CDs)

h-index 13 by Scopus. Citations 719 by Scopus

- **Supervisor and Co- supervisor of 18 Doctorate and 78 Master thesis** in Pediatrics and Pediatric Endocrinology. Certified by the faculty.

(Separate document in file & CDs for candidates' names and degrees)

- **Projects**

Principal Investigator

1. A Phase II/III, Open-Label, Multi-Center Clinical Trial to Evaluate the Safety and Efficacy of Insulin-Like Growth Factor I/ Insulin-Like Growth Factor Binding Protein-3 (rhIGF-I/IGFBP-3), administered in Children with Growth Hormone Insensitivity Syndrome (GHIS) such as Laron Syndrome. (Insmed)
2. A Study of Long-term Recombinant Insulin-like Growth Factor I (rh IGF-1) Treatment in Children with Short Stature Due to Growth Hormone Insensitivity Syndrome (GHIS) a Multi-Center Clinical Trial. (Tercica)
3. A Phase III, Multi-centre, Randomised, Parallel Group Study of Safety and Efficacy of a New Sustained Release Formulation (LB03002) of Human Recombinant Growth Hormone (given once/week) as Compared to Standard Daily Therapy with Genotropin® in Treatment Children with Growth Failure due to Insufficient Secretion of Endogenous Growth Hormone. (Biopartners/LG)

- ❖ **Subinvestigator** in the European Society Paediatric Endocrinology (ESPE) multicenter project on rickets in Middle East.

NB: Results of the 4 projects have been published in international peer reviewed journals.

Research Interests: Growth, Thyroid hormones

Current Percent Effort %:

- Teaching: 10%
- Clinical Care: 60%
- Research: 30%

Social Activities:

- Member in Automobile club.
- Member in Gezira Sporting club.
- Member in the Yacht club
- Ex-member of Rotary club (Contributing in the campaigns for vaccination and prevention of poliomyelitis)

Hobbies:

- Philately and coin collection
- Deltiology (Old Postcard collection)
- Photography
